### **DETAILED ACTION**

The response with amendments filed 6/30/05 has been received and entered.

Claims 1-6, 20-23, and 28-34 are directed to an allowable product. Pursuant to the procedures set forth in the Official Gazette notice dated March 26, 1996 (1184 O.G. 86), claims 28-34, directed to the process of making or using the patentable product, previously withdrawn from consideration as a result of a restriction requirement, are now subject to being rejoined. Claim 28-34 are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

### ***Information Disclosure Statement***

The information disclosure statement, received 6/30/05, is acknowledged. A signed copy is enclosed hereto.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The prior art does not teach nor reasonably suggest an echinocandin/carbohydrate complex, which refers to an association between the echinocandin compound and carbohydrate so that the complex has a more crystalline form (e.g., more ordered unit matrix) than the corresponding compound without the carbohydrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 1-6, 20-23, and 28-34 are allowed.
